BACKGROUND

The H1 Drop Down Tire Carrier Accessory Kit includes a spare tire carrier that not only swings away from the rear bumper of a H1, but also has an assist to help raise a spare tire from the ground up to the carrier (or drop the spare tire down) from the carrier to the ground. The kit also includes all of the hardware needed to mount the spare tire carrier on a H1 rear bumper.

TIRE CARRIER FEATURES

- Mechanical Ratchet Assist to Raise/Lower Spare Tire
- Black Powder Coat Paint
- Does Not Decrease Departure Angle of the H1
- Does Not Interfere with Tail Lamps
- Does Not Interfere with M1101/M1102 Trailers
- Protected by US Patent 6,659,318
